Scholarship Information

PACIFIC COAST UNIVERSITY
FOR WORKPLACE HEALTH SCIENCES

The Scholarship for the Bachelor of Disability Management (BDM) program will be administered by the Pacific Coast University for Workplace Health Sciences (PCU-WHS).

The BDM is a degree with an applied focus that provides graduates with the knowledge, skills and competencies to assist absent workers to return to work and also to assist employing organizations, service providers and insurers in the public, private and not for profit sectors to introduce and operate cost-effective and responsive disability management and return to work programs. Details regarding the program can be found at: <https://www.pcu-whs.ca/programs/bdm/>

There are two options available for application in the Scholarship program:

- The full-time, two-year program pathway to achieve the BDM bachelor degree for those who are not currently working.
- The part-time, four-year program pathway to achieve the BDM bachelor degree for those who are currently working.

Entrance requirements into the BDM program for both pathways described above are the same.

The Scholarship program allows BC residents to transfer into the Bachelor of Disability Management degree program at PCU-WHS, after having completed relevant educational prerequisites.

The degree is comprised of 120 credits. Applicants are eligible for the scholarship after having completed a two-year diploma or other educational prerequisites from recognized educational institutions in a range of disciplines, but preferably in human resources, occupational health and safety, healthcare, business or social work. The percentage of tuition costs that the annual scholarship covers will be contingent on the number of transfer credits with which prospective students enter the program.

BC residents are eligible for the scholarship as follows:

- \$6,500 per year for each of two years, which covers most of the tuition costs, for the full-time, two-year program pathway to achieve the BDM bachelor degree for those who are not currently working. The applicant must be prepared to participate in the online Bachelor program on a full-time basis for two years.
- \$3,250 per year for each of four years, which covers most of the tuition costs, for the part-time, four-year program pathway to achieve the BDM bachelor degree for those who are currently working. The applicant must be prepared to participate in the online Bachelor program on a part-time basis for four years.
